SORMAT

Cable clamp KK 14 HDG

SORMAT CODE 9640013114

Steel cable clamps for fastening, separating and organizing cables

- Cable clamp KK is designed to clamp cables, tubes and other elongated elements. Designed for use with installation bar KKKS.
- The clamp body is made of hot dip zinc coated steel sheet. The screw is hot dip galvanized.
- The size digits indicate the max. diameter of the cable/tube. Size marking 14/2...40/2 indicates that the clamp is suitable for fixing two cables with the same Ø.
- Type KK fire resistance 90 min, see Test report no. PB 3.2/18-255-1.

PRODUCT OVERVIEW

Other codes	SNRO 1324014 /
Material	Steel, zinc-coated (25µm) steel sheet / Steel, zinc-coated steel sheet
Packages	outer carton: 200 / pallet: 11200
Weight	23.5 kg / 1000
GTIN-13	6416031131141

APPLICATIONS

- For KKKS clamp bar

APPROVALS / CERTIFICATES

Fire resistance KK (DIN EN 1363-1:2012-10)
