

Cable clamp KR 30/2 HDG

SORMAT CODE

9640013430

Steel cable clamps that can be attached to 40x40 angle iron structures

- Type KR is a hot dip zinc coated cable clamp for clamping cables, tubes, and other elongated elements.
- KR is designed to be attached in structures made of 40x40 angle iron.
- The KR range also includes clamps for two and three cables.
- The size digits indicate the maximum cable/tube diameter.

APPLICATIONS

- For angle irons

Technical data

INSTALLATION DETAILS

Width across flats (SW)	10
Suitable diameter, Ø mm	30
Height	130

PRODUCT OVERVIEW

Other codes	SNRO 1324680 /
Material	Steel, zinc-coated (25µm) steel sheet
Packages	outer carton: 150 / pallet: 3600
Weight	89.1 kg / 1000
