Female thread socket ISH M6X48 ZP

SORMAT CODE 9640072622

Internal threaded anchor to be used with ITH injection resins in hollow base materials

- ISH female threaded socket can be used with metric threaded studs and bolts. Ideal for solutions where the fixture may have to be removed or adjusted.
- Sockets are normally used with IOV sieve sleeves that are placed into the borehole prior to the resin and the socket.
- ISH can be used as such in solid materials without the IOV sieve sleeves
- The socket is to be set flush with the base material surface.

APPLICATIONS

- For injection resins
- ISH M6 can be used with IOV 12
- ISH M8, M10 and M12 can be used with IOV 20

PRODUCT OVERVIEW

Other codes	/
Material	Steel, zinc plated
Packages	box (bag): 10 / outer carton: 100
Weight	8.0 kg / 1000

Technical data

INSTALLATION DETAILS

Size	M6
Length (L)	48
Outer diameter	8
