

Setting tool LT 20

SORMAT CODE 9640079120

Essential tool for safe and quick installation of drop in anchors LA

- It is essential to use original and designated setting tools LT+ or LT+ PRO for drop in anchor installations.
- Drop in anchors cannot be tightened with a screw or a bolt!
- Using other make-do tools instead of proper setting tools when installing displacement controlled anchors can damage the threads and thus complicate installations.

PRODUCT OVERVIEW

Properties	LT 20 for drop in anchor LA/LAH 20
Other codes	SNRO 6402082 /
Material	Steel, zinc plated
Packages	piece: 1
Weight	685.3 kg / 1000
