SORMAT

Setting tool LT+ 10

SORMAT CODE 9640079210

Essential tool for safe and quick installation of drop in anchors LA

- It is essential to use original and designated setting tools LT+ or LT+ PRO for drop in anchor installations.
- Drop in anchors cannot be tightened with a screw or a bolt!
- Using other make-do tools instead of proper setting tools when installing displacement controlled anchors can damage the threads and thus complicate installations.

PRODUCT OVERVIEW

Other codes	SNRO 6400406 /
Material	Steel, zinc plated
Packages	piece: 1
Weight	182.6 kg / 1000
GTIN-13	6416031792106
Availability	end of life

APPLICATIONS

- For drop in anchors
