

# Setting tool LT+ 12 PRO

SORMAT CODE 9640079312

## Essential tool for safe and quick installation of drop in anchors LA

- It is essential to use original and designated setting tools LT+ or LT+ PRO for drop in anchor installations.
- Type PRO is equipped with hand protection rubber to cover the hand while installing the anchor.
- Drop in anchors cannot be tightened with a screw or a bolt!
- Using other make-do tools instead of proper setting tools when installing displacement controlled anchors can damage the threads and thus complicate installations.

## PRODUCT OVERVIEW
